

# One Year After Typhoon Haiyan: CARE's Response in Numbers

**252,115 people** received emergency **food assistance**. Overall, CARE and our local partners delivered more than 1,115 metric tons of food.

**59,984 people** received **emergency shelter supplies**, including tarpaulins, tools and kitchen sets. The number of tarpaulins distributed by CARE could cover the equivalent of 4,040 basketball courts.

**9,484 children** have been fed as part of a CARE-supported government **school feeding program**.

**77,068 people** have received high-quality **shelter repair kits**, including corrugated metal sheets and tools as well as cash to purchase lumber and cover construction costs.

**135,200 people** benefited from livelihoods **start-up grant** of \$181 USD and orientations on livelihoods planning and household money management to help restore previous livelihoods or engage in new ways to earn a living.

Over **220 trainings** have been conducted on livelihoods planning and good household money management.

CARE trained over 500 community carpenters on **build back safer techniques** to support people in rebuilding their homes.

In total, CARE reached **318,650 people** affected by typhoon Haiyan.
